

Assistant in Nursing Policy

1. Purpose

The purpose of this policy is to ensure Health Service Providers engage and employ Assistants in Nursing with the right qualification, skills and competence to provide safe, high quality health care.

Assistant in Nursing (AIN) position is a category of non-regulated healthcare workforce. An AIN works under the direction of a nurse or midwife to assist in the delivery of patient care in the acute care environment. AIN are a complementary workforce and not a substitute for the number of nurses or midwives employed under current workplace arrangements.

This policy underpins a key principle within the *Clinical Governance, Safety and Quality Policy Framework*; ensuring clinical staff have the right qualification and skills to provide safe, high quality health care; and to foster a culture of openness, collaboration and continuous improvement.

This policy is a mandatory requirement under the *Clinical Governance, Safety and Quality Policy Framework* pursuant to section 26(2)(f) of the *Health Services Act 2016*.

This policy supersedes OD 0419/13 *Assistant in Nursing Duties and Competencies*.

2. Applicability

This policy is applicable to WA health entities that engage and employ AIN.

The requirements contained within this policy is applicable to the services purchased from contracted health entities where it is explicitly stated in the contract between the contracted health entity and the State of Western Australia or Health Service Provider. The State of Western Australia or Health Service Provider is responsible for ensuring that any obligation to comply with this policy by the contracted health entity is accurately reflected in the relevant contract and managed accordingly.

3. Policy Requirements

Qualification Requirements

There are two AIN pre-requisite pathways to facilitate employment – AIN (Student) and AIN (Non-student).

The employing Health Service Provider must ensure the AIN (student) and AIN (non-student) meet the following prior to employment:

- AIN (Student):
 - Evidence of successful completion with academic good standing of a Nursing and Midwifery Board of Australia (NMBA) approved program of study for either:
 - Stage 1 and 2 (66% completion) of Diploma of Nursing program
 - 50% completion of initial registration qualifications leading to registration with NMBA as a registered nurse and/or midwife:
 - Semester 1 to 3 of Bachelor qualification
 - Semester 1 to 4 of Dual Bachelor qualification
 - Semester 1 to 2 of Master (Graduate-entry) qualifications
 - Semester 1 to 4 of overseas registration conversion qualifications
 - Evidence of current enrolment and progressing towards attaining their nursing and midwifery qualification must be provided at the commencement of each semester for the duration of the fixed term employment contract. Individuals are not eligible to defer their studies whilst engaged under a fixed term employment contract; and
 - Evidence of current and successful completion of:
 - Basic Life Support
 - Manual/Safe Handling
 - Infection Prevention and Control Training – including COVID-19 Infection Prevention and Control training.
 - Where an AIN (Student) has successfully completed the NMBA-approved program listed above, they may continue working as an AIN (non-student) until cessation of employment (including expiry of a fixed term contract) or until appointment or promotion to another position.
- AIN (non-student):
 - Evidence of successful completion of the nationally recognised qualification, Certificate III in Health Services Assistance-Acute Care, or NMBA-approved programs listed above.
 - An employee who works only in a WACHS aged care setting may satisfy the AIN qualification requirements by holding a Certificate III in Individual Support (Ageing) or Certificate III Aged Care (superseded by Certificate III in Individual Support-Aged Care in 2015). Noting that these qualifications do not satisfy the requirement to work in the acute care setting.

General Requirements

- The AIN must work under the direction of a nurse or midwife.
- The nurse or midwife must allocate duties listed in the relevant *Assistant in Nursing Duties* documents to the AIN based on their level of training and experience.
- Health Service Providers must not amend the *Assistant in Nursing Duties* documents to include additional duties, however, they may establish limitations on the duties the AIN may perform through local policy.
- The AIN must not perform duties outside of those listed in the relevant *Assistant in Nursing Duties* documents.
- A copy of the *Assistant in Nursing Duties* documents must be provided to the AIN on employment/engagement, and as required.
 - For AIN working in the nursing setting, they must follow the AIN Duties (Nursing setting)
 - For AIN working in the maternity setting, they must follow the AIN Duties (Maternity Setting)

- The AIN Job Description Form, specifically essential criteria for qualification, must align with the qualification requirements within this policy.
- Health Service Providers must ensure every facility and service within its remit must have appropriate policies and processes in place for employment/engagement of AIN.

4. Compliance Monitoring

The Chief Nursing and Midwifery Office, on behalf of the System Manager may from time to time, request information regarding:

- the enrolment status or qualifications held by all employed AIN; and/or
- local policies and processes in place for employment of AIN to assess Health Service Providers compliance with this policy.

5. Related Documents

The following documents are mandatory pursuant to this policy:

- [Assistant in Nursing Duties \(Nursing setting\)](#)
- [Assistant in Nursing Duties \(Maternity setting\)](#)

6. Supporting Information

The following information is not mandatory but informs and/or supports the implementation of this policy:
