

Grievance Resolution Policy

1. Purpose

The *Grievance Resolution Policy* (Policy) sets out the minimum requirements and responsibilities for WA health system entities to ensure Employee Grievances are resolved in an equitable and timely manner.

This Policy is a mandatory requirement under the *Employment Policy Framework* pursuant to section 26(2)(f) of the *Health Services Act 2016*.

This Policy is also a mandatory requirement for the Department of Health pursuant to section 29(1)(l) of the *Public Sector Management Act 1994*.

This Policy must be read in conjunction with [MP 0138/20 Managing Conflicts of Interest Policy](#).

This Policy supersedes OD 0452/13 *WA Health Employee Grievance Resolution Policy*.

2. Applicability

This Policy is applicable to WA health system entities as defined in this Policy.

To the extent that the requirements contained within this Policy are applicable to the services purchased from contracted health entities, WA health system entities are responsible for ensuring these requirements are accurately reflected in the relevant contract and managed accordingly.

3. Policy requirements

WA health system entities must develop and implement a local procedure or guidelines establishing a Grievance Resolution process which:

- aligns with the [Public Sector Commission's Grievance Resolution Standard](#) (the Standard);
- ensures that an Employee's Grievance is directed to the appropriate line manager or local Human Resources unit;
- ensures the Complainant and Respondent are afforded Procedural Fairness; and
- clearly defines the roles and responsibilities of the WA health system entity and the employees involved.

3.1 Grievance Resolution Requirements

WA health system entities must meet the Grievance Resolution requirements specified below:

- 3.1.1. The Grievance Resolution process must comply with the [Standard, Commissioner's Instruction No. 7: Code of Ethics](#) and the [WA Health Code of Conduct](#).
- 3.1.2. Employees who are party to a Grievance must be informed about the Grievance Resolution process.
- 3.1.3. The Complainant and Respondent should attempt to resolve the Grievance informally before resorting to formal or more structured processes.
- 3.1.4. Grievance Resolution is the responsibility of the Decision Maker. Where required, the Grievance will be escalated.
- 3.1.5. Grievances will be considered seriously and will be dealt with fairly, sensitively and as quickly as possible. If a Grievance cannot be resolved within a reasonable period of time, the Decision Maker will inform the Complainant and Respondent about the delay and the reasons for the delay.
- 3.1.6. If at any stage of a Grievance process the Decision Maker determines the matter constitutes a suspected breach of discipline, the matter is to be progressed in accordance with:
 - [Commissioner's Instruction No. 3: Discipline – general](#) and Part 5 of the *Public Sector Management Act 1994* for Department of Health employees; or
 - [MP 0127/20 Discipline Policy](#) and Part 11 of the *Health Services Act 2016* for Health Service Provider employees.

Any remaining issues may continue to be addressed under the Grievance Resolution process. The Complainant and Respondent will be informed accordingly.

- 3.1.7. Procedural Fairness must be afforded for the duration of the Grievance Resolution process by adhering to the following:
 - No finding shall be made against the Respondent prior to the completion of the Grievance Resolution process.
 - The Respondent must be given relevant details of any Grievance and time and opportunity to respond to the particulars of the Grievance.
 - Reasonable time and notice must be provided to all persons involved in the Grievance Resolution process to enable them to prepare for meetings.
 - Complainants and Respondents must be given the opportunity to present their case and to respond to any adverse material.
 - If required, aids or additional support must be made available to an Employee involved in the Grievance Resolution process to enable them to participate fully in the process.
 - The Decision Maker is impartial and acts without bias when making the decision. Conflicts of interests must be managed in accordance with [MP 0138/20 Managing Conflicts of Interest Policy](#)

- 3.1.8. Appropriate levels of documentation must be maintained for each Grievance in accordance with:
- public sector record keeping practices pursuant to the *State Records Act 2000*;
 - the provisions of the General Disposal Authority for State Government Information issued by the State Records Office of Western Australia; and
 - the requirements of the *Freedom of Information Act 1992*.

3.1.9. Grievance documentation must be held in a confidential file in secure storage.

3.2 Breach of Public Sector Standard claims

Once a final reviewable decision is made, the Complainant and Respondent are to be notified in writing that they may make a breach of Public Sector Standard claim in relation to the reviewable decision, with details of how the claim may be made and the prescribed period in which the claim must be lodged.

If a breach claim is lodged, reasonable attempts must be made to resolve the claim with the Claimant.

If the claim is not resolved within 15 working days after it is lodged, the relevant Employer must refer the claim to the Public Sector Commissioner by providing:

- the claim;
- the name and the telephone number or contact details of the Claimant and the nominated officer managing the claim; and
- any documents that the Employer considers relevant to the claim.

The Employer must also provide written notice to the Claimant that the claim has been sent to the Public Sector Commissioner.

3.3 Advice and Support

Employees seeking advice and support are encouraged to access the Employee Assistance Program (EAP). Details regarding an Employee's relevant EAP can be sought from their line Manager and/or local Human Resources unit.

Managers seeking advice and support should contact their local Human Resources unit.

4. Compliance monitoring

WA health system entities are responsible for ensuring compliance with this Policy.

The function of the System Manager is to undertake assurance activities in relation to the Department of Health in accordance with the *Public Sector Management Act 1994* and Health Service Providers in accordance with the *Health Services Act 2016*.

The System Manager may conduct audits into WA health system entities compliance with the Policy, and to monitor and evaluate the effectiveness of this Policy.

The System Manager will monitor WA health system entities compliance and performance with this Policy via audit and/or review.
